We’re honored!

Each spring many of the highest honors in academia are awarded to America’s most distinguished teachers and researchers.

At UC Berkeley, **23 members of our faculty** were singled out for distinction this year.

**Congratulations**  
**and thanks** to each of them.

**More honorees than from any other university in the U.S. Public or private.**

23!

**University of California, Berkeley**

**Excellence in research and teaching.**  
**By the people of California.**  
**For the people of California.**
